

**CYNGOR CEFN GWLAD CYMRU
COUNTRYSIDE COUNCIL FOR WALES**

**SITE OF SPECIAL SCIENTIFIC INTEREST: OPERATIONS REQUIRING
CONSULTATION WITH THE COUNTRYSIDE COUNCIL FOR WALES (CCW)**

SITE NAME: CEUNANT CYNFAL

UNITARY AUTHORITY: GWYNEDD

DATE OF NOTIFICATION: 1983

The operations listed below may damage the features of interest of Ceunant Cynfal SSSI. Before any of these operations are undertaken you must consult CCW, and may require our consent. **The list of operations is not a prohibited list.**

It is usually possible to carry out some of these operations in certain ways, or at specific times of year, or on certain parts of the SSSI, without damaging the features of interest. If you wish to carry out any of these activities please contact the local office of CCW, a Conservation Officer will give you advice and where appropriate issue a consent. Please help us by using the enclosed form to ask us for consent to carry out these operations.

In certain circumstances it will not be possible to consent these operations, because they would damage the features of interest. Where possible the Conservation Officer will suggest alternative ways in which you may proceed, which would enable a consent to be issued. To proceed without CCW's consent may constitute an offence. **If consent is refused, or conditions attached to it, which are not acceptable to you, you will be provided with details of how you may appeal to the National Assembly of Wales.**

Ref No Type of operation

1. Cultivation, including ploughing, rotovating, harrowing and re-seeding.
2. Any alterations in the present pattern or frequency of grazing by farm stock.
5. Application of fertilisers and lime.
6. Application of pesticides including herbicides (weedkillers).
7. Dumping, spreading or discharging of any waste materials.
8. Burning of vegetation.
11. Destruction or removal of any plant or plant remains, including tree, shrub, herb, dead or decaying wood, moss, lichen or fungus.
12. Tree planting including afforestation. Changes in woodland management, including clear and selective felling, thinning, coppicing, modification of the stand or underwood and changes in species composition.
- 13b. Modification to rivers, including their banks and beds, by regarding or cleaning.
14. Changes in the present utilisation of water, including storage, the raising of water levels and abstraction.

21. Construction of roads, tracks, walls or fences.
22. Storage of materials.
23. Erection of permanent or temporary structures or the undertaking of engineering works, including drilling or the laying, maintenance or removal of pipelines and cables, above or below ground.
25. Clearance of boulders or loose rock and battering, buttressing or grading rock faces and cuttings.
27. Adventure training along river bed or gorges and climbing on cliffs, within the control of the owner or occupier, likely to damage moss, liverwort and fern habitats.

Notes:

- i. This is a list of operations appearing to the CCW to be likely to damage the special features of this SSSI, as required under section 28(4)(b) of the Wildlife and Countryside Act 1981 as substituted by Schedule 9 to the Countryside and Rights of Way Act 2000.
- ii. Where an operation has been granted a consent, licence or permission from another authority separate consent will not normally be required from CCW, however you should always give notice to CCW prior to exercising such consent, licence or permission.
- iii. Any reference to animal in this list shall be taken to include any mammal, reptile, amphibian, bird, fish or invertebrate (including honey bees).
