

Environmental Objectives 2017-18

OT1701

Objective: Reduce our carbon footprint – decarbonisation
(Develop us into an excellent organisation)

Target: Reduce the carbon dioxide emissions from occupied buildings and business travel by 5% based on 2016/17 data

OT1702

Objective: Conformity and continued certification against the UK Woodland Assurance Standard (UKWAS)
(Ensure land and water is managed sustainably in Wales)

Target: Close out all Corrective Action Requests (CAR) and relevant observations raised at the previous external UKWAS audit

OT1703

Objective: To improve the status of designated features, access and interpretation on protected sites we manage
(Improve the resilience and quality of our ecosystems)

Target: Conservation Planning Team Leader to complete 12 National Nature Reserve (NNR) management audits and to ensure any identified improvement actions are implemented

OT1704

Objective: Reduce the average emissions of cars in the NRW fleet – decarbonisation
(Develop us into an excellent organisation)

Target: New cars purchased to be < 100 g/km and increase the number of electric cars in the fleet

Dr Emyr Roberts,
Chief Executive – Natural Resources Wales

Date of Issue: 1 April 2017
Valid until: 31 March 2018
