Beth i'w wneud os oes gan eich cartref danc carthion neu uned trin carthion gryno

Efallai eich bod yn defnyddio tanc carthion neu uned trin carthion gryno i drin carthion eich cartref, oherwydd na ellir ei gysylltu â'r rhwydwaith carthffosiaeth cyhoeddus.

Os oes gan eich cartref neu eiddo yng Nghymru danc carthion neu uned trin carthion gryno, mae'n rhaid ei gofrestru gyda ni.

I'r mwyafrif o bobl mae hyn yn gofrestriad rhad ac am ddim, unwaith ac am byth, yn amodol ar rai meini prawf:

- os yw eich tanc carthion yn gollwng i ffos gerrig yn y ddaear, ac mae cyfanswm bobl sy'n byw yn yr eiddo yn llai na 9
- os yw eich uned trin carthion gryno yn gollwng i gwrs dŵr ac mae cyfanswm bobl sy'n byw yn yr eiddo yn llai na 27
- os nad yw'r system garthion yn agos at ardal warchodedig neu ddynodedig ar gyfer yr amgylchedd neu gyflenwad dŵr daear. Safleoedd o Ddiddordeb Gwyddonol Arbennig (SoDdGA) neu Parth Diogelu Ffynhonnell ar gyfer dŵr yfed, er engrhaifft. Byddwn yn gwirio hyn ar eich rhan chi pan dderbyniwn eich cais chi
- os yw man gollwng y carthion o leiaf 50m i ffwrdd o ffynnon neu ddyfrdwll.

Os nad yw'ch system garthion yn cyrraedd y meini prawf uchod, efallai y bydd yn rhaid i chi wneud cais am drwydded amgylcheddol. Os felly, byddwn yn cysylltu â chi i gadarnhau beth sydd angen i chi ei wneud, a'ch helpu i fynd trwy'r broses, wedi i ni dderbyn eich cais.

Os ydych chi'n rhannu'ch tanc carthion neu'ch system drin ag eiddo arall, efallai na fydd arnoch angen ond un eithriad neu drwydded. Os ydych chi'n ansicr, holwch ni.

What to do if your home has a septic tank or package sewage treatment plant

Your home may use a septic tank or package treatment plant to deal with your domestic sewage because it cannot be connected to the public sewerage system.

If your home or property is in Wales and has a septic tank or package sewage treatment plant, it must be registered with us.

For the majority of people, this is free and a one-off registration, subject to certain criteria:

- if your septic tank discharges into a soakaway in the ground and the property or properties has less than 9 people in total living there
- if your package sewage treatment plant discharges to a watercourse, and the property or proprieties has less than 27 people living there
- if the sewage system is not near a protected or designated area for the environment or groundwater supply. For example, a Site of Special Scientific Interest (SSSI) or a Source Protection Zone for drinking water – we can check this for you once we have received your application
- if the sewage discharge is more than 50m from a borehole or well.

If your sewage system does not meet the above criteria, you may need to apply for an environmental permit. If this is the case, we will contact you to confirm what you need to do and help you go through the process once we have received your application.

If you share your septic tank or treatment system with other properties you may only need one exemption or permit. Check with us if you are unsure.

Pam fod angen i mi wneud hyn?

Nid yw'r rhan fwyaf o danciau carthion neu unedau trin carthion cryno yn achosi problemau os ydyn nhw wedi'u dylunio a'u gosod yn gywir, ac yn cael eu cynnal yn iawn.

Gallai gollyngiadau o systemau sydd ddim yn cael eu cynnal yn iawn: lygru afonydd, nentydd neu ddŵr tanddaearol; heintio dŵr yfed; neu niwedio safleoedd cadwraeth natur.

Mae'n bwysig iawn fod perchnogion yn gofalu fod tanciau carthion neu unedau trin carthion cryno yn gweithio'n iawn.

Beth ddylwn i wneud nesaf?

Os oes gennych garthbwll, neu os ydych eisoes wedi cael caniatâd i ollwng eich carthion, yna does dim angen i chi gofrestru.

Os oes gennych danc carthion neu uned trin carthion gryno, mae'n rhaid ei gorfestru gyda ni. Gallwch naill ai lenwi'r ffurflen ynghlwm a'i dychwelyd i ni, neu gofrestru ar ein gwefan: www.cyfoethnaturiolcymru.gov.uk

Os ydych angen cyngor ynghylch cofrestru ffoniwch 0300 065 3000 (Llun - Gwener, 9yb - 5yn).

Byddwn ni angen gwybod:

- Eich enw, cyfeiriad a chôd post
- Faint o ddŵr ydych chi'n ei ollwng o'ch tanc carthion – mae'n bosibl amcangyfrif hynny yn ôl nifer y bobl sy'n byw yn eich eiddo
- A yw'r tanc carthion neu uned trin carthion gryno, yn cael ei rannu gyda unrhyw eiddo arall
- A yw'r tanc carthion yn gollwng i'r ddaear trwy ffos gerrig neu'n gollwng i afon neu nant trwy becyn gwaith trin carthion

Why do I need to do this?

Most septic tanks or package sewage treatment plants do not cause problems if they are well designed, installed and are well maintained.

The discharge from poorly maintained systems could: pollute rivers, streams or underground water; contaminate sources of drinking water; or harm nature conservation sites.

It is very important that septic tanks or package sewage treatment systems are kept in good order by their owners.

What do I do next?

If you have a cesspit, or already have an existing discharge consent for your sewage discharge, then you do not need to register.

If you have a septic tank or a package sewage treatment plant, you must either fill in the attached form and send it back to us, or register on our website: www.naturalresourceswales.gov.uk

If you need advice about the registration please call 0300 065 3000 (Mon-Fri, 9am - 5pm).

We will need to know:

- Your name, address and postcode
- How much water you discharge from your septic tank – this can be estimated by how many people live in your property
- If the septic tank or sewage treatment plant is shared with any other property
- Whether the discharge from the septic tank goes into the ground via a soakaway, or into a river or stream via a package sewage treatment plant

Cwblhewch y ffurflen gofrestru atodedig a'i ddychwelyd i ni mor fuan â phosibl, os gwelwch yn dda.

Please complete the attached registration form and return it to us as soon as possible.

- A wyddoch chi am unrhyw ffynhonnau neu ddyfrdyllau o fewn 50 metr (150 troedfedd) i'ch tanc carthion neu uned trin carthion gryno
- Cyfeirnod grid man gollwng y tanc carthion neu uned trin carthion gryno.
  I ganfod y cyfeirnod grid ewch i:
  www.gridreferencefinder.com
  - Nodwch eich côd post
  - Nodwch safle'ch tanc carthion
  - Cliciwch fotwm dde eich llygoden yn y man hwn
  - Bydd eich cyfeirnod grid 12 digid yn cael ei ddangos

Os nad ydych yn gallu defnyddio'r rhyngrwyd, gallwch ddefnyddio map Arolwg Ordnans i ddarganfod eich cyfeirnod grid. Neu gallwch anfon map yn dangos y man gollwng. Os na allwch wneud hynny am unrhyw reswm, yna efallai y byddwn yn cysylltu â chi i'ch helpu ar ôl derbyn eich ffurflen gais.

Beth fydd yn digwydd ar ôl i mi gyflwyno fy ffurflen?

Byddwn fel arfer, yn ceisio prosesu'ch cais o fewn 15 diwrnod gwaith. Fodd bynnag, efallai bydd yn cymryd ychydig mwy o amser, oherwydd inni dderbyn llawer o geisiadau.

Os yw eich cais yn cyrraedd y meini prawf, byddwn yn cofrestru eich tanc/iau carthion am ddim.

Os nad yw eich cais yn cyrraedd y meini prawf, bydd yn rhaid i chi ymgeisio am drwydded amgylcheddol. Byddwn yn rhoi arweiniad i chi ynghylch sut i wneud hynny, a'ch helpu trwy'r broses.

Mae trwydded amgylcheddol y costio £125. Mae hwn yn daliad unwaith ac am byth.

Ar ôl i chi gwblhau'r ffurflen gofrestru, anfonwch hi at:
Canolfan Gofal Cwsmeriaid,
Cyfoeth Naturiol Cymru, Tŷ Cambria,
29 Heol Casnewydd, Caerdydd CF24 0TP
neu, gallwch ei yrru atom ar ebost at:
ymholiadau@cyfoethnaturiolcymru.gov.uk

- If you are aware of any wells or boreholes within 50 meters (150 feet) of your septic tank or package sewage treatment plant
- The grid reference for the septic tank or sewage treatment plant discharge.
  To find out the grid reference go to:
  www.gridreferencefinder.com
  - Enter your postcode
  - Locate the position of your septic tank
  - Click the right hand button on your mouse at this location
  - Your 12 digit grid reference will appear

If you do not have access to the internet, you could look for your grid reference by using an Ordnance Survey map. Or you could supply us with a small map showing the point of discharge. If you are unable to provide this information for any reason, then we may contact you to help with this after we have received your application.

What happens after I submit my form?

We will usually process your application within 15 working days. However, it may take slightly longer, due to a high number of applications.

If your application meets the criteria, we will register your tank/s free of charge.

If your application does not meet the criteria, you may have to apply for an environmental permit. We will supply you with guidance on how to do this and help you through the process.

An environmental permit costs £125. This is a one off payment.

Once you've completed the registration form, please send it to:
Customer Care Centre, Natural Resources Wales, Cambria House, 29 Newport Road, Cambria House, Cardiff CF24 0TP or, you can email it to us at:
enquiries@naturalresourceswales.gov.uk

Ar ôl i chi cofrestru

Mae perchnogion tanciau carthion neu unedau trin carthion cryno yn gyfrifol am eu cynnal a'u cadw'n iawn er mwyn osgoi llygredd.

Dylech:

- drefnu i gludydd gwastraff trwyddedig gael gwared yn rheolaidd â slwtsh yn y system. Cewch ragor o wybodaeth yn *y British Water Guide to the Desludging of Sewage Treatment Systems**
- wneud yn siŵr fod y system yn cael ei chynnal a chadw'n unol â chyfarwyddiadau'r gwneuthurwyr. Cewch ragor o wybodaeth yn y British Water Code of Practice – A Guide for Users of Small Wastewater Treatment Systems
- gadw pob cofnod ynghylch y system am o leiaf 5 mlynedd (er enghraifft, derbynebau cynnal a chadw, derbynebau gwagio'r tanc, cofnodion gwasanaethu)
- roi gwybod i ni os nad yw'n gweitho, neu os ydych yn amau ei fod yn achosi llygredd

Os ydych yn gwerthu neu'n gadael eich cartref, does dim rhaid i chi ddweud wrthym ni: ond, mae'n rhaid i chi roi unrhyw ddogfennau perthnasol a chofnodion cynnal a chadw'r system i'r perchennog newydd.

* Mae dogfennau *British Water Codes of Practice* ar gael yn rhad ac am ddim ar: http://www.britishwater.co.uk/publications/Publications_and_Technical_Guides.aspx

After you have registered

Owners of septic tanks and other small package sewage treatment systems have a responsibility to keep their systems in good order to prevent pollution.

You should:

- arrange for excess sludge to be regularly removed from the system by a licensed waste carrier. You can get more information in the *British Water Guide to the Desludging of Sewage Treatment Systems**
- make sure that the system is properly maintained in line with manufacturer's instructions. You can get more information in the British Water Code of Practice – A Guide for Users of Small Wastewater Treatment Systems
- keep all records (for example, maintenance receipts, tank emptying receipts, servicing records) relating to the system for at least five years
- tell us if it ceases to operate or you suspect it is causing pollution

If you sell or leave your home, you do no need to tell us. However, any relevant documentation should be passed to the new owner, along with maintenance records for the system.

* The *British Water Codes of Practice* are available free of charge at: http://www.britishwater.co.uk/publications/Publications_and_Technical_Guides.aspx

What happens next?

When we receive your form, we will review the information and assess your registration.

For the majority of people, this will be the end of the process and we will send you details of your successful registration.

In some cases, depending on the information provided, there could be an additional requirement to apply for an environmental permit. In such cases, we will write to tell you what you have to do next.

The Data Protection Act 1998 and National Security

We, at Natural Resources Wales, will normally put all the information in your application, apart from your personal contact details, onto a public register of environmental information.

We may exclude certain information from the public register on grounds of national security.

If you believe that information should be excluded, you must tell the Welsh Ministers in a letter why it would not be in the interests of national security to put the information on a public register. You must enclose a copy of this letter with your application and you must still include the information in your application. We will not include the information on the public register if the Welsh Ministers decide that it should be excluded.

Please note: We will not be able to progress your registration until we receive the decision from the Welsh Ministers.
