

# Sut mae mawn yn ffurfio? Ar eich marciau, barod, casglwch! How does peat form? On your marks, get set, accumulate!

## Pridd asidig â pH isel

Mae'r amodau asidig yn y pridd yn atal y deunyddiau organig rhag pydru.

## Low pH acidic soil

The acidic conditions in the soil stops organic materials from decaying.

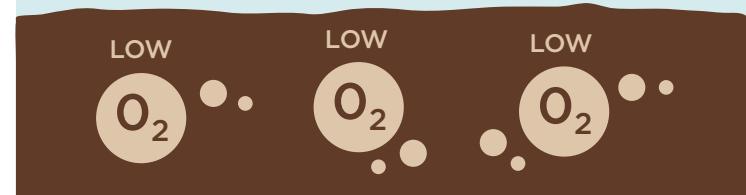

## Cyflenwad isel o ocsigen, pridd anaerobig

Mae diffyg ocsigen yn y pridd yn atal y deunyddiau organig rhag pydru.

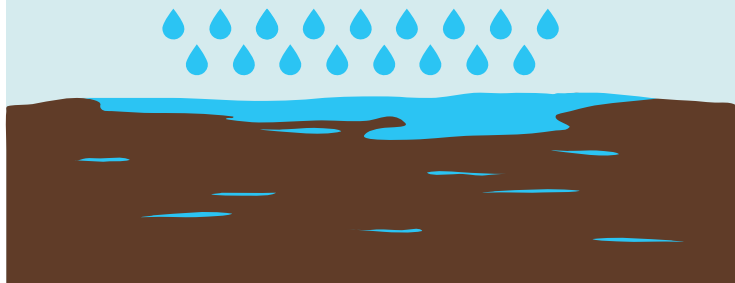

## Low oxygen supply, anaerobic soil

The lack of oxygen in the soil stops the organic materials from decaying.

## Tir oer llawn dŵr

Mae angen amodau oer, gwlyb a dwrlawn ar fawn er mwyn ffurfio.

## Cold, waterlogged land

Peat needs cold, wet and waterlogged conditions to form.
